Dodge, one of the principal factors in the Phelps-Dodge Company, who will spend about a week or ten days inspecting the various holdings of the company in this section of the country. It is probable that the mines at Globe, Clifton and Morenci will be visited first.

SHERIFF IN THE CITY.

Sheriff Jack White arrived in the city yesterday morning and will spend a couple of days here on official business.

FENNO ADDRESSES SEVERAL MEETINGS

Well Known Lecturer Talks to Men of Smelter City in Entertaining Manner.

W. E. Fenno of New York delivered his first address yesterday afternoon in the Orpheum theatre. His audience was composed of over one hundred men who gave the very best attention while Mr. Fenno spoke to them on the topic, "Over the Falls."

Preceding his address C. E. Buchner of the Bisbee Y. M. C. A. conducted a song service, while W. D. Geoghegan sang a solo in his usual pleasing manner.

Mr. Fenno proved himself to be a speaker with a style all his own, eloquent and practical, with a fund of humor that kept his audience with a smiling face while he talked of serious matters. He made the statement that he wanted to be very careful about what he said as he understood that the men of Arizona were six-shooters for watch charms, but that if he pulled through this service all right he was going to "soak them proper" next time.

It developed in his talk that his occupation previous to taking up the special work of the character in which he is now engaged was that of a telegraph operator, and his address was based on what he had heard and seen while working as an operator in Niagara Falls. His application was to the effect that the men of the current and on their way to the falls and unless they take advantage of the opportunities that come to them they will be swept over. There was a noticeable absence of poetic stories, or of appeal to the tear ducts of his hearers. His talk was the straight presentation of a business proposition which seemed to meet the approval of his hearers.

In the evening at 7:15 the young people of the various churches met at the Orpheum where Mr. Fenno spoke to them about "Service."

At 8 p. m. the union service of the evening was started as announced. Mr. Buchner of Bisbee, assisted by a large chorus from the various churches of the city, led the song service. Rev. George Logie read the scripture lesson, after which Mr. Fenno delivered what was really a remarkable address to an audience that completely filled the large Orpheum.

He drove home his point with a hammer point after point, illustrating with some homely illustration, or humorous epigram, until his audience hardly knew what was coming next. Many people left the theater at the close of the service with the feeling that they had the truth put to them in a startling manner and their own inside life brought to the surface, so that they could look at it and see what it was.

At the Shops.
This noon Mr. Fenno spoke for ten minutes to the men of the railroad shops who came out in large numbers and listened to him while he spoke about the "Scrap Heap." The music for the occasion was furnished by a baby organ and a male trio.

The program for the Fenno meetings for this afternoon, evening and tomorrow noon are as follows: Mr. Fenno will give a bible talk at the Baptist church this afternoon at 3 o'clock, in the evening at 8 o'clock he will give a talk to men only in the Y. M. C. A. building, his topic being "Running the Gauntlet." A local singer will render two solos as the musical attraction for the meeting. Tomorrow noon Mr. Fenno will speak to the men of the Copper Queen smelter at the ballshoppers. This meeting will commence at 11:45, city time.
